Admissions Policy

Pupils are admitted to The King's School having satisfied the School's academic entry requirements as outlined in the Admissions Procedure which is available to read on the School website. It is the School's policy to apply these criteria to all pupils and prospective pupils regardless of any disability and regardless of their race, religion, sexual orientation or social background.

Special Educational Needs

We welcome pupils with special educational needs, provided that our Learning Enhancement Department can offer the support that they require. We welcome pupils with physical disabilities provided that our historic site in the Precincts of Canterbury Cathedral can cope with them (please see our Disability Policy which is also available to read on our website). We advise parents of children with special educational needs or physical disabilities to discuss their child's requirements with the School Registrar before their child sits any entrance examination so that we can make adequate provision for his or her needs. Parents should provide a copy of a current Educational Psychologist's report or a medical report to support their request for extra time or other special arrangements. Any such report must also be submitted as part of the admissions process in advance of a pupil starting at the School.

Sibling Policy

We welcome siblings to join the School but admission is not automatic, and all pupils must meet the entry criteria as outlined in the School's Admissions Procedure. A sibling discount scheme operates; details are available from the Bursar (bursar@kings-school.co.uk)

Bursaries

Means-tested bursaries of up to 100% of fees are available to those who meet the criteria published in the Bursary Policy (this policy is published on the School website).

School's Contractual Terms and Conditions

The School's contractual terms and conditions are available to read on the Admissions page on the School website.
